Ru'ya 360°

MANAGEMENT MANDATE MEETING · INVESTOR PRESENTATION

STRIKE BITES

ial — For addressee only

ES-001 · June 2026

EXECUTIVE SUMMARY · PAGE 1 OF 2

An Empty Category in a Growing Market

MARKET	PRODUCT	WINDOW
Lebanese Premium Snacking No established local beef jerky brand. Category fully available today.	**STRIKE BITES** Premium beef jerky, performance-positioned, Halal-certified by Dar Al-Fatwa Lebanon.	**First Mover** Category is empty. No credible Lebanese brand owns this shelf. Window is open now.

Lebanon's fitness culture is expanding rapidly — gyms, CrossFit boxes, and boutique studios proliferating across Beirut, Metn, Keserwan, Jounieh, and the North. Health-conscious consumers aged 18–40 are actively tracking macros; protein content is now the primary purchase driver. Yet the shelf in every gym and nutrition store remains empty of a locally produced, Halal-certified beef jerky. The imported alternatives — Jack Link's at $5.62 per 40g and Country Archer at $6–$8 — hold no Lebanese authority certification and are priced outside routine daily purchase. Wild West's Halal range, confirmed in UAE as of June 2026, is heading toward Lebanon. The first-mover window is measured in months.

STRIKE BITES is positioned at $4.50 per 40g: 19% below Jack Link's, structurally accessible for daily purchase, and built with a Lebanese BBQ flavor profile featuring Aleppo pepper, sumac, pomegranate, and cedar smoke. Halal certification from Dar Al-Fatwa Lebanon unlocks the 60%+ Muslim consumer base and all GCC export channels simultaneously from Day 1. "Made in Lebanon" carries premium provenance weight in UAE and Saudi Arabia — the Lebanese identity is not a constraint, it is the GCC marketing asset.

> **THE RU'YA 360° ADVISORY MANDATE**
>
> Ru'ya 360° Advisory Group operates as full commercial operator for STRIKE BITES: legal entity formation, regulatory filing management, brand execution, manufacturer relationship, trade outreach and account activation, monthly P&L reporting, and digital strategy oversight. Eleven institutional-quality deliverables have been completed before mandate signature — demonstrating capability and commitment before any contract exists. Execution commences within 72 hours of budget tier confirmation and first milestone payment.

EXECUTIVE SUMMARY · PAGE 2 OF 2

What Has Already Been Built

R360-JRK-001	Full Advisory Framework — 10-section A-to-Z market entry guide
R360-JRK-002	Master Launch Checklist — 38 steps across 5 milestone-gated phases
R360-JRK-003	Financial Feasibility Study — 3 tiers, 12-month model, ROI analysis
R360-JRK-004	Trade Outreach System — scripts, objection handling, account tracker
R360-JRK-005	Competitive Analysis — 5 competitors, dual perspective, 8 criteria each
R360-JRK-006	Brand & Packaging Design Brief — 8 sections, trilingual, print-ready specs
R360-JRK-007	Manufacturer Technical Brief — flavor spec, 8 QC parameters, Halal checklist
R360-JRK-008	STRIKE Brand Enhancement Study — 88/100 score, 3 SKU renders
R360-JRK-VIZ-001	Product Visualization System — packaging renders, brand assets
R360-JRK-BOARD-001	Board Presentation — 25-slide institutional-quality, funder-ready
R360-JRK-MKT-001	Marketing & Digital Strategy — 8 sections, 24-month roadmap

Three Investment Scenarios

SCENARIO	TIER 1 — LEAN	TIER 2 — STANDARD ★	TIER 3 — FULL ENTRY
Total Investment	$24,000	**$62,000**	$96,000
Year 1 ROI	~155%	**~265%**	~310%
Breakeven	Month 9–12	**Month 8–11**	Month 5–7
Year 1 Gross Profit	~$40K	**~$153K**	~$310K

★ Ru'ya 360° Recommendation: Tier 2 Standard Launch — sufficient capital to execute correctly without overspending on a first-year proof of concept.

THE SINGLE DECISION REQUIRED TODAY

Which tier do we activate?

Lean ($24,000) · Standard ($62,000) · Full Market Entry ($96,000)

PROOF OF WORK · R360-JRK-POW-001

Eleven Deliverables Before Mandate

Institutional-quality research and execution — completed before contract, before payment, and before any formal engagement existed.

REFERENCE	DELIVERABLE & DESCRIPTION	STATUS
R360-JRK-001	**Full Advisory Framework** 10-section A-to-Z market entry guide covering legal entity, regulatory filing, manufacturing, brand, distribution, export, and operations. Primary reference document for mandate execution. Legal · Operations · Strategy	✓ COMPLETE
R360-JRK-002	**Master Launch Checklist** 38 execution steps across 5 milestone-gated phases: Pre-Launch, Launch, Growth, Export, and Scale. Every task is owner-assigned with timeline anchors. Execution · Milestones · PM	✓ COMPLETE
R360-JRK-003	**Financial Feasibility Study** Three-tier investment model ($24K / $62K / $96K), full 12-month P&L projections, breakeven analysis, ROI modeling, and line-by-line category allocation. Finance · Modelling · ROI	✓ COMPLETE
R360-JRK-004	**Trade Outreach System** Gym buyer scripts, objection-handling playbook, account activation tracker, and follow-up cadence templates. Covers B2B pitch for gym retail, nutrition stores, and F&B channels. Sales · B2B · Trade	✓ COMPLETE
R360-JRK-005	**Competitive Analysis** Five competitors benchmarked across 8 weighted criteria from both Lebanese consumer and investor perspectives. Dual-axis scoring matrix with brand positioning gap map. Market Intel · Positioning · Gaps	✓ COMPLETE
R360-JRK-006	**Brand & Packaging Design Brief** 8-section brief including visual identity system, trilingual labeling (AR/EN/FR), Dar Al-Fatwa Halal certification specs, print-ready packaging dimensions, and material specifications. Brand · Packaging · Print-Ready	✓ COMPLETE
R360-JRK-007	**Manufacturer Technical Brief** Full flavor specification for Lebanese BBQ recipe (Aleppo pepper, sumac, pomegranate, cedar smoke), 8 QC parameters, Halal production protocol, and supplier qualification criteria. Production · QC · Halal	✓ COMPLETE
R360-JRK-008	**STRIKE Brand Enhancement Study** Brand audit scoring 88/100 with three SKU mockup renders, shelf-impact analysis, and premium positioning recommendations calibrated to the Lebanese gym and fitness retail context. Brand · Renders · Retail	✓ COMPLETE
R360-JRK-VIZ-001	**Product Visualization System** Packaging renders, brand asset library, and product photography simulation for three SKUs across primary and secondary packaging formats. Investor- and retail-presentation quality. Visualization · Assets · SKUs	✓ COMPLETE
R360-JRK-BOARD-001	**Board Presentation** 25-slide institutional-quality presentation structured for funder and board audiences. Covers market context, financial tiers, execution roadmap, competitive positioning, and management structure. Investor · Board · Presentation	✓ COMPLETE

REFERENCE	DELIVERABLE & DESCRIPTION	STATUS
R360-JRK-MKT-001	**Marketing & Digital Strategy** 8-section document covering channel mix, Meta Ads ROAS model, influencer activation, e-commerce setup, content calendar, and 24-month growth roadmap with monthly milestones. Digital · Meta Ads · 24-month	✓ COMPLETE

PROOF OF WORK · DEPTH INVENTORY

What Each Deliverable Contains

R360-JRK-003

Financial Feasibility Study

- Three-tier model: $24K / $62K / $96K total investment
- 12-month monthly P&L with unit economics per SKU
- Breakeven units and revenue thresholds per tier
- Year 1 ROI: ~155% / ~265% / ~310% by tier
- Line-by-line allocation across 10 cost categories
- FX risk notation (LBP / USD dual exposure)

R360-JRK-MKT-001

Marketing & Digital Strategy

- Meta Ads: 2.0–3.2× ROAS modelled across budget scenarios
- Influencer program: 3.0–5.5× estimated return
- E-Commerce integration: 2.1–4.8× ROAS (Shopify / WhatsApp)
- Year 1 total channel spend: $9K / $27K / $58K by tier
- 24-month roadmap with quarterly activation milestones
- Content calendar and weekly publishing cadence

R360-JRK-005

Competitive Analysis

- 5 competitors: Jack Link's, Country Archer, Wild West, Balila, local artisan
- 8 criteria: Price, Halal, Lebanon presence, brand equity, distribution, digital
- Jack Link's: $5.62 / 40g — no Lebanese Halal certification
- Wild West Halal: UAE-confirmed, Lebanon arrival imminent
- STRIKE BITES window: 8–12 months before competitive entry
- Dual scoring: consumer perspective vs. investor perspective

R360-JRK-007

Manufacturer Technical Brief

- Lebanese BBQ flavor profile: Aleppo pepper, sumac, pomegranate, cedar smoke
- Protein target: ≥19g per 40g serving (primary KPI)
- 8 QC checkpoints from raw material to finished bag
- Halal slaughter protocol aligned to Dar Al-Fatwa standards
- Moisture content, shelf stability, and packaging gas specs
- 3 approved supplier qualification criteria for sourcing

R360-JRK-006

Brand & Packaging Design Brief

- Trilingual label: Arabic / English / French regulatory compliance
- Dar Al-Fatwa Halal logo placement and certification text
- Primary SKU: 40g stand-up pouch — print spec sheet included
- Secondary: 100g value format for gym bulk channel
- Material: matte laminate with spot UV on brand mark
- Color system & typeface locked for print production hand-off

R360-JRK-004

Trade Outreach System

- Gym retail pitch script: opening, product demo, close
- 6 pre-written objection responses (price, origin, shelf space)
- CRM tracker template: 50 target account fields
- Account tier system: A (premium gym) / B (nutrition store) / C (café)
- Follow-up cadence: Day 1 / Day 4 / Day 10 / Day 21
- WhatsApp activation kit for Lebanese sales culture

THE RU'YA 360° COMMITMENT

"Every one of these documents was produced before a mandate existed — before payment, before contract, before formal engagement. We invest our own time and expertise first. That is the model. The mandate formalises what we have already demonstrated."

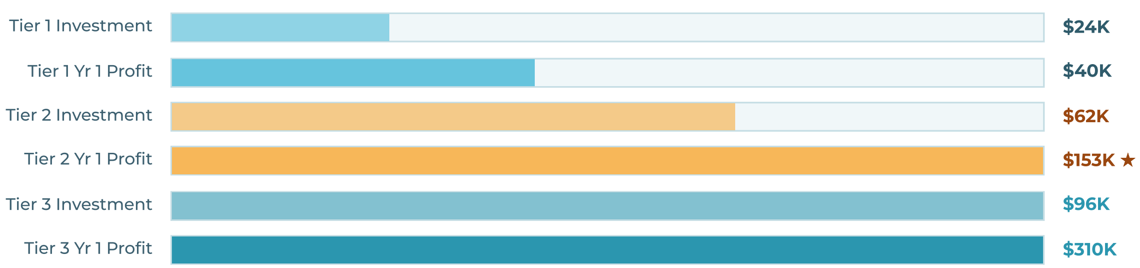
FINANCIAL TIERS · R360-JRK-FIN-001

Three Investment Scenarios

Three fully-costed launch scenarios have been modelled. Each tier is structurally complete — the question is not whether STRIKE BITES can launch, but how aggressively. Ru'ya 360° recommends Tier 2 Standard as the optimal first-year capital deployment: sufficient to execute correctly, without overcommitting to a proof-of-concept phase.

METRIC	TIER 1 LEAN LAUNCH	TIER 2 ★ STANDARD LAUNCH	TIER 3 FULL MARKET ENTRY
INVESTMENT & RETURNS			
Total Investment	$24,000	**$62,000**	$96,000
Year 1 Gross Revenue	~$61K	**~$215K**	~$406K
Year 1 Gross Profit	~$40K	**~$153K**	~$310K
Net ROI (Year 1)	~155%	**~265%**	~310%
OPERATIONS & TIMING			
Breakeven (Months)	9–12	**8–11**	5–7
Launch Timeline	Month 3	**Month 2–3**	Month 2
Initial SKUs	1 SKU	**2 SKUs**	3 SKUs
SCOPE & CHANNELS			
Gym Accounts (Year 1)	10–15	**25–40**	60–80
E-Commerce Launch	Month 6	**Month 3**	Month 2
GCC Export	Year 2	**Q4 Year 1**	Q3 Year 1
Marketing Budget	$9,022	**$27,023**	$58,168

Investment vs. Projected Year 1 Gross Profit



RU'YA 360° RECOMMENDATION ★ TIER 2

$62,000 Standard

Sufficient capital to launch with two SKUs, 25–40 gym accounts, and a Q4 GCC export pathway. The marginal improvement of Tier 3 does not justify doubling year-one exposure for an initial proof-of-concept.

CAPITAL DEPLOYMENT TIMELINE

Milestone-Gated

No lump-sum commitment required. Investment is deployed in 5 gated tranches aligned to verified completion of legal, brand, manufacturing, launch, and growth milestones. Budget never advances ahead of proof.

INVESTMENT BREAKDOWN · R360-JRK-BUD-001 · TIER 2 STANDARD

$62,000 — Line by Line

LEGAL	BRAND	PRODUCTION	TRANSPORT	MARKETING
$10,500	$10,000	$12,500	$4,500	$7,000

OPERATIONS	TECHNOLOGY	BANKING	ADVISORY	CONTINGENCY
$4,500	$1,800	$2,000	$7,500	$1,700

01 — Legal & Regulatory Phase 0 · M0–M2 — $10,500

File Day 1. The MoPH 2–4 month processing clock starts on submission — not on decision day. Trademark must be filed before any account sees the STRIKE name.

SARL registration — notary + Commercial Register + mandatory corporate lawyer *All-in per Mattar Law / PwC Lebanon standard. Articles, CR filing, mandatory attorney retainer included.*	$3,500
Tax ID + NSSF registration + business licensing	$400
MoPH food product registration — 2 SKUs *2–4 month processing each. Both SKUs filed simultaneously from Day 1. Clock must start immediately.*	$2,000
Lab testing — nutritional panel + microbiology, 2 SKUs × 2 rounds *Round 1: MoPH submission file. Round 2: batch QC on first production run. CCIAS ISO 17025 accredited.*	$1,200
Halal certification — Dar Al-Fatwa Lebanon, full scope *Lebanon-only. 3–6 week timeline. Unlocks all gym, pharmacy, modern trade, and GCC export channels.*	$800
Trademark — Class 29 (food products) + Class 35 (retail services) *Class 35 protects the commercial channel, not just the product. Required before any GCC expansion.*	$1,200
GS1 Lebanon — 2 barcodes + annual membership	$400
IP lawyer fees — filing + 6-month correspondence	$600
Food regulatory consultant — MoPH submission support *Navigates informal MoPH process. $400 reduces rejection risk on a $2,000 submission.*	$400

02 — Brand & Design Phase 0 · M0–M2 — $10,000

Packaging is the product's first commercial act. STRIKE competes against Jack Link's ($5.62) on the same gym shelf. The R360-JRK-006 brand brief is complete — this is execution cost, not planning cost.

Full brand identity system — wordmark, symbol, palette, typography, brand guidelines *R360-JRK-006 brief ready for designer. Trilingual system: Arabic / English / French.*	$4,000
Packaging design — 2 SKUs, 2 sizes each (40g single-serve + 120g multi-serve)	$2,500
First packaging print run — 2 SKUs (matte laminate + UV spot varnish) *Minimum viable quantity. Unit cost falls 40–60% at 10× volume.*	$1,800
Product & lifestyle photography — 2 shoot sessions *Shoot 1: pure product on black background. Shoot 2: gym lifestyle / athlete context.*	$1,000
Label compliance design — trilingual AR/EN/FR MoPH layout *Nutritional panel, allergen declaration, Halal mark, lot number, manufacturer address.*	$500
Printed brand collateral — trade folders, letterhead, envelope system	$200

03 — Production & Supply Phase 1 · M1–M4 $12,500

At $1.20 COGS and $4.50 RRP, every gym-wholesale unit returns $1.95 gross profit. First batch is simultaneously the revenue engine and the proof-of-product for every account conversation.

First production batch — 2 SKUs (40g + 120g), 90-day stock *Lebanese BBQ flavor profile: Aleppo pepper, sumac, pomegranate, cedar smoke. Zero added sugar.*	$9,000
Packaging material procurement — barrier pouches + Lebanon import duties *Lebanon–Turkey FTA unratified → MFN tariff + 11% VAT on CIF value applies to imported pouches.*	$1,500
QC setup — sampling kit, documentation system, batch SOPs	$400
Per-batch microbiology testing × 2 rounds (CCIAS, ISO 17025) *Mandatory each production run. Required for Halal integrity documentation.*	$300
Warehousing — 6 months, ambient food-safe storage *No cold chain. Barrier packaging + ambient temp/humidity monitoring sufficient for shelf stability.*	$1,000
Storage shelving + ambient temperature/humidity monitoring equipment	$300

04 — Transportation & Logistics Phase 1–2 · M1–M6 $4,500

The team personally visits and delivers to every account bi-weekly. 60–80 accounts across Beirut, Metn, Keserwan, Jounieh, and Tripoli require a dedicated vehicle. Fuel at $1.30/L for 95-octane on a 250–350L/month route costs $350–500/month.

Dedicated delivery vehicle — used van lease (6 months × $380/month) *Essential for bi-weekly visits across 60–80 accounts. Relationship model, not distributor-dependent.*	$2,280
Fuel — 6 months (250–350L/month × ~$1.30/L) *Route: Beirut, Ashrafieh, Metn, Keserwan, Jounieh, Tripoli. ~$370–500/month at Lebanese pump price.*	$2,220

05 — Non-Digital Marketing & Activation Phase 1–2 · M2–M6 $7,000

82.6% of MENA sports nutrition purchases are in physical stores. The trainer network — 20 ambassadors at Tier 2 — functions as a zero-fixed-salary sales force reaching 400–1,000 active gym clients.

In-gym branded display stands — 60 accounts × $15 *STRIKE-branded unit installed by team on first delivery day. No account opens without a display.*	$900
POS countertop display hardware — premium acrylic units, 60 accounts	$800
Shelf talkers, price cards, and brand posters	$500
Trade presentation kits — professionally printed, 100+ copies *Account-opening kit: product spec, pricing, channel terms, STRIKE brand story.*	$700
Product samples — 50+ accounts, 4–5 units each *Product at COGS. Every account visit begins with product in hand. Non-negotiable.*	$900
Trainer ambassador program — 20 trainers × $60 starter package *Package: 24 units + referral cards + branded shaker. 20 trainers = 400–1,000 client reach.*	$1,200
Product sampling events — 2 CrossFit / fitness expo events *Event permit, sampling table, branded tablecloth. Maximum word-of-mouth ROI.*	$700
Trade show / fitness expo participation — 1 event	$400
B2B first-meeting gifting — branded product boxes *Left with pharmacy / modern trade buyers. $5–8 cost. Impression worth $500–5,000 in listing value.*	$300
Business cards + premium stationery	$250
Branded apparel — sales team, 5 sets (shirt + cap)	$350

06 — Operational Overhead

Phase 0–2 · M0–M6

$4,500

Running a food startup in Lebanon means generator dependency (3–6 hrs/day grid supply), workspace for a 3–4 person team, mandatory product liability insurance for retail placement, and communication costs.

Workspace / co-working — 6 months × $250/month *Regus Lebanon dedicated desk: $209–329/month. Co-working from $150/month.*	**$1,500**
Product liability insurance — food brand (12-month policy) *Required before first retail placement. Covers all distribution channels.*	**$800**
Commercial vehicle insurance — delivery van	**$500**
Generator / electricity — warehouse + office (6 months × $90/month) *Lebanon commercial rate $0.27–0.32/kWh. Generator subscription essential for reliable ops.*	**$540**
Phone plans — 3 team members × 6 months × $27/month	**$500**
Internet connectivity — office + warehouse (6 months × $60/month)	**$360**
Office supplies, printing, miscellaneous stationery	**$200**
Miscellaneous administrative + operational	**$100**

07 — Technology & Tools — Phase 0 · Month 0 — $1,800

Minimum viable stack for monthly P&L reporting, account management, and inventory control. Without accounting software, there is no P&L. Without inventory tracking, restock triggers are guesswork.

Informational website — design + 12-month hosting *Non-e-commerce. STRIKE brand-consistent. Credibility anchor for pharmacy and modern trade buyers.*	$600
Inventory management — Zoho Inventory or equivalent (12 months) *Per-SKU stock tracking, reorder alerts, integrated with accounting.*	$400
Accounting software — Zoho Books Standard (12 months) *Full invoicing, bank reconciliation, P&L. Monthly board reports generated from this system.*	$300
Mobile order management tool — field use by team	$200
Digital asset management + cloud file storage	$200
Basic CRM — account tracking + bi-weekly visit log (HubSpot free) *60–80 accounts require structured tracking. Visit log drives the check-in protocol.*	$100

08 — Banking & Financial Setup — Phase 0 · Month 0–1 — $2,000

Circular 158 banking controls and Lebanon's FATF grey-listing mean local banks cannot reliably process international USD transfers. An offshore USD account (Cyprus or UAE) is required for SWIFT payments to Turkish packaging suppliers.

Offshore USD account setup — Cyprus or UAE (one-time) *Required for Turkish packaging supplier, Halal auditors, any international SWIFT payment.*	$1,500
International wire transfer fees — 6 months × 2 supplier payments *$25–50/SWIFT transfer × ~6 transfers over the 6-month launch period.*	$300
Banking compliance / KYC documentation preparation	$200

09 — Advisory & Management (Ru'ya 360°) — Phase 0–2 · M0–M6 — $7,500

Milestone-gated — each phase payment releases only upon demonstrated delivery against defined milestones. This is the operational cost of executing a 38-step launch plan: not a consulting retainer for advice.

Management fee — Phase 0 Foundation (M0–M2) *Milestone: SARL registered · Trademark filed · Brand identity approved · MoPH submitted · Supply agreement signed.*	$1,800
Management fee — Phase 1 Launch (M2–M4) *Milestone: 30+ active accounts · First batch delivered · All displays installed · 20 trainers onboarded.*	$1,800
Management fee — Phase 2 Scale (M4–M6) *Milestone: 60–80 accounts · Pharmacy channel entered · Monthly revenue ≥$9K · Second batch ordered.*	$1,400
Field logistics coordinator — part-time (6 months × $300/month) *Delivery scheduling, account stock checks, reorder processing, and CRM maintenance.*	$1,800
Client engagement expenses — travel, reporting tools, account visit costs	$700

10 — Working Capital & Contingency — Always-On · M0–M12 — $1,700

Sale-or-return placement means cash does not return immediately. 60–80 accounts on consignment = product in market, cash not yet back. Buffer covers the 30–60 day float and absorbs MoPH fee variance and unexpected lab re-testing.

Working capital float — sale-or-return period (Month 2–4) *60–80 accounts × ~$70 avg first placement = $4,200–5,600 product at risk. Buffer covers operations.*	$1,200
Contingency reserve — MoPH variance, GS1 confirmation, unexpected re-testing	$500

TIER 2 — STANDARD LAUNCH · TOTAL INVESTMENT

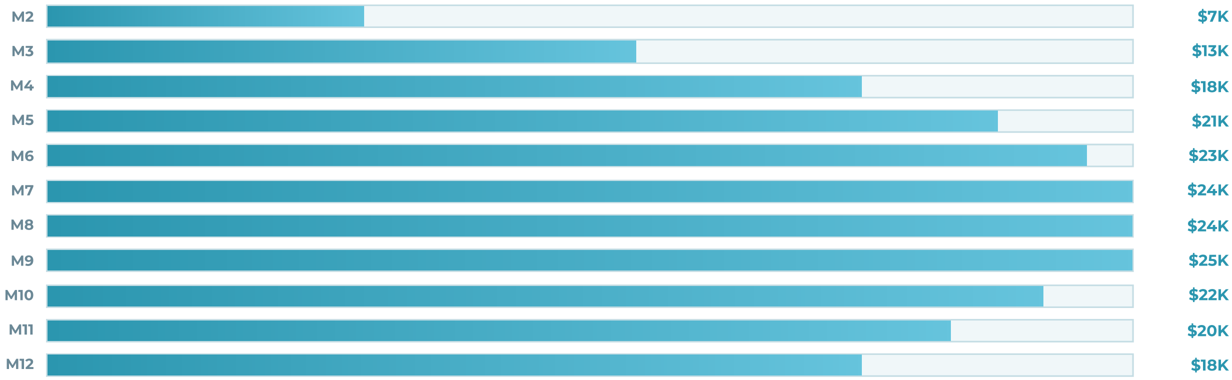
Monthly Revenue Growth (Months 2–12)



Revenue moderation in Q4 reflects seasonal adjustment and GCC pipeline investment. Year 2 reacceleration expected with modern trade listings and GCC entry.

REVENUE PROJECTIONS · MARKETING ROI & MODEL ASSUMPTIONS

Digital Marketing ROAS & ROI Model

CHANNEL	YR 1 BUDGET (TIER 2)	PROJECTED ROAS	NOTES
Meta Ads (Instagram + Facebook)	$9,000	2.0–3.2×	Primary digital acquisition. Lebanese fitness audience. Peak ROAS Q2–Q3 with video creatives.
Influencer Activations	$6,000	3.0–5.5×	Lebanese fitness micro-influencers (10K–80K followers). Product seeding + affiliate codes.
E-Commerce (Shopify / WhatsApp)	$5,500	2.1–4.8×	Soft launch Month 6. WhatsApp ordering native to Lebanese consumer behavior. DTC margin highest.
Content Marketing	$4,000	Compounding	SEO, recipe content, gym-culture editorial. Builds organic channel with zero incremental cost.
Events & Activations	$2,523	2.0–4.0×	CrossFit competitions, fitness expos, gym open days. Highest word-of-mouth multiplier.
TOTAL YEAR 1	**$27,023**	**Blended ~2.8×**	Included within Tier 2 $62,000 total. Digital marketing budget is a subset of total investment.

UNIT ECONOMICS (40G SKU)

$4.50 RRP

Gym wholesale: ~$3.20 | COGS: ~$1.20
Gross margin: ~62% (gym channel)
Protein: ≥19g per 40g serving

PAYBACK CALCULATION

$62K → $153K GP

$153K gross profit on $62K deployed
Net recovery: $91K in Year 1
Payback multiple: 2.47× gross / 1.47× net

Model Assumptions

Price per 40g unit (RRP)	**$4.50**	19% below Jack Link's ($5.62). Positioned for daily purchase frequency, not premium impulse.
Gym wholesale price	**~$3.20**	29% trade margin. Standard Lebanese gym retail mark-up applied.
COGS per unit (40g)	**~$1.20**	Beef cost + packaging + labour + production overhead. No cold chain required.
Halal certification	**Dar Al-Fatwa**	Lebanon-issued. Unlocks 60%+ Muslim consumer base and all GCC export channels from Day 1.
Account velocity (gym)	**60–120 units/mo**	Per active gym account. Average based on conservative sell-through of 2–4 units/day.
Launch geography	**Beirut + Metn + North**	Primary: Beirut, Ashrafieh, Metn, Keserwan, Jounieh. Secondary: Tripoli. No Bekaa at Year 1.
FX regime	**USD-denominated**	All figures in USD. Lebanese market effectively dollarised at retail level. LBP exposure minimal.
Sale-or-return terms	**Year 1 default**	Consignment model for Year 1. Reduces account acquisition friction. Creates 30–60 day cash float.
Year 2 catalyst	**GCC + modern trade**	UAE/KSA export filing begins Q4 Year 1. Modern trade (Spinneys, Carrefour) discussions Month 9–10.

RISK: WILD WEST HALAL ENTRY

Confirmed in UAE June 2026. Lebanon arrival est. 8–12 months. First-mover window is open now.

RISK: MOPH PROCESSING DELAY

2–4 month standard processing. Filing on Day 1 builds the mandatory buffer. Gym channel launches ahead of registration.

RISK: SALE-OR-RETURN FLOAT

$4,200–5,600 product at risk during Month 2–4. Working capital buffer of $1,200 absorbs this gap.

RISK: FX / USD ACCESS

Circular 158 limits Lebanese bank USD wire capability. Offshore account (Cyprus/UAE) budgeted at $1,500.

GO-TO-MARKET · R360-JRK-GTM-001

Channel Sequence & Phase Timeline

STRIKE BITES enters through the Lebanese gym and fitness channel — not through modern trade. This is deliberate. Gym channel placement creates the brand story before supermarket shelf space. Fitness trainers who believe in the product become a zero-salary sales force. Modern trade and GCC export open only after the Lebanese consumer market has validated the product at scale.

1 Gym & Fitness Channel

MONTH 2 → 60–80 accounts · Year 1

CrossFit boxes, boutique gyms, and fitness studios across Beirut, Ashrafieh, Metn, Keserwan, Jounieh, and Tripoli. Personal delivery + display installation by team on Day 1 of each account. Sale-or-return terms reduce placement risk. Bi-weekly check-ins build the relationship that drives sell-through. Trainer ambassador program (20 trainers) creates peer-to-peer advocacy.

2 Sports Nutrition & Supplement Stores

MONTH 3 → 15–20 accounts · Year 1

Dedicated supplement and nutrition retailers across Lebanon. These buyers purchase product — not consignment. Higher AOV, lower visit frequency. Key accounts in Hamra, Verdun, Dora, Kaslik, and Tripoli city centre.

3 Pharmacy Channel

MONTH 5 → 20–30 accounts · Year 1

Lebanese pharmacies are credible health-product retail points — particularly with Halal certification and nutritional claims prominent on packaging. No imported beef jerky currently placed in the pharmacy channel. STRIKE enters an empty shelf position.

4 E-Commerce (Shopify + WhatsApp Business)

MONTH 6 → DTC · highest margin channel

WhatsApp ordering native to Lebanese consumer behavior. Shopify storefront with cash-on-delivery. No payment gateway complexity at launch. Direct-to-consumer eliminates wholesale margin, increasing gross margin from ~62% to ~73%. Customer data collected for GCC expansion targeting.

5 Modern Trade (Spinneys, Carrefour, TSC)

MONTH 10–12 → Category review timing

Modern trade requires brand equity built through gym and pharmacy before the buyer conversation is credible. Category review cycles mean Month 9–10 outreach leads to Month 12+ listing. Requires full compliance: MoPH, GS1 barcode, commercial liability insurance — all funded in Tier 2 budget.

6 GCC Export (UAE & KSA)

Q4 YEAR 1 → UAE first · then KSA

"Made in Lebanon" carries premium provenance weight in UAE and Saudi Arabia. Dar Al-Fatwa Halal certification opens both markets. UAE health food regulatory filing (FIRS system) initiated Q4 Year 1. Lebanese diaspora in UAE: ~400,000 potential warm brand ambassadors. Export unlocks Year 2 step-change in revenue.

GO-TO-MARKET · 5-PHASE EXECUTION FRAMEWORK

38 Steps Across 5 Milestone-Gated Phases

PHASE 0

Foundation

Months 0–2

- SARL registration
- MoPH filing (Day 1)
- Trademark Class 29+35
- Dar Al-Fatwa Halal
- Brand identity locked
- Offshore banking set up
- Technology stack live
- Supply agreement signed

Gate: All legal entities filed · Brand approved · Manufacturer committed

PHASE 1

Launch

Months 2–4

- First batch 2 SKUs
- Deploy delivery vehicle
- Open 30–50 gym accounts
- Install displays Day 1
- Launch trainer program
- Bi-weekly sell-through
- 2 sampling events
- Weekly board report

Gate: 30+ accounts · First batch delivered · 20 trainers onboarded

PHASE 2

Scale

Months 4–6

- 60–80 accounts
- Pharmacy channel open
- E-commerce live
- Second batch ordered
- Monthly revenue ≥$9K
- Nutrition store channel
- Influencer activation
- Monthly P&L to board

Gate: 60+ accounts · Pharmacy listed · Revenue ≥$9K/month

PHASE 3

Growth

Months 6–9

- E-commerce accelerate
- Modern trade outreach
- GCC regulatory filing
- 85+ accounts total
- Brand refresh Q2
- 3rd SKU planning
- Influencer Q2 cohort
- Investor update report

Gate: Modern trade in pipeline · GCC filing initiated · E-com tracked

PHASE 4

Export

Months 9–12

- UAE distributor meetings
- FIRS health food filing
- Modern trade listing
- STRIKE STRIPS dev
- Year 2 plan drafted
- KSA feasibility study
- Year 1 P&L close
- Mandate renewal terms

Gate: UAE filing submitted · Modern trade listed · Year 2 board approved

24-Month Strategic Roadmap

M1–M2
Foundation. Legal, brand, banking, regulatory filing initiated.

M2–M4
Launch. 30–50 gym accounts. First revenue. Trainer program active.

M4–M6
Scale. 60–80 accounts. Pharmacy opens. E-commerce live. ≥$9K/month.

M6–M9
Growth. Modern trade pipeline. GCC filing. 85+ accounts. Breakeven zone.

M9–M12
Export. UAE distributor. Modern trade listed. Year 1 close. ≥$215K revenue.

YEAR 2
GCC entry. STRIPS SKU. KSA feasibility. Revenue step-change from export.

CHANNEL	LAUNCH	TARGET ACCOUNTS	COMMERCIAL TERMS
Gym / Fitness	**Month 2**	60–80 gym accounts across Lebanon	*Sale-or-return Year 1. Net-payment from Month 6.*
Sports Nutrition Retail	**Month 3**	15–20 specialist retailers	*Purchase order. 28-day payment terms.*
Pharmacy Channel	**Month 5**	20–30 pharmacies, urban Lebanon	*Consignment or purchase depending on account.*
E-Commerce (DTC)	**Month 6**	Shopify + WhatsApp Business	*Cash on delivery. No payment gateway at launch.*
Modern Trade	**Month 10–12**	Spinneys, Carrefour, TSC Lebanon	*Purchase order. 45–60 day terms. Listing fee TBC.*
GCC Export (UAE first)	**Q4 Year 1**	UAE health food distributor	*Exclusive distributor agreement. CIF pricing.*

COMPETITIVE ANALYSIS · R360-JRK-COMP-001

Competitive Matrix & Market Position

Five competitors benchmarked across 8 weighted criteria from both the Lebanese consumer perspective and the investor perspective. STRIKE BITES holds dominant position across the criteria that matter most for Lebanese market entry: Halal certification from a credible Lebanese authority, local brand identity, accessible price point, and physical distribution infrastructure. The only material gap is brand recognition — which is a function of being new, not of structural inferiority.

Criterion & Weight		STRIKE BITES	Jack Link's	Wild West Halal	Country Archer	Local Artisan
Halal Certification	25%	9/10	2/10	8/10	1/10	5/10
Price Accessibility	20%	8/10	5/10	5/10	3/10	7/10
Lebanese Brand Identity	15%	10/10	1/10	2/10	1/10	8/10
Lebanon Distribution Presence	15%	9/10	4/10	4/10	2/10	6/10
Packaging Quality	10%	8/10	8/10	9/10	9/10	3/10
Digital & Social Presence	8%	4/10	8/10	5/10	7/10	2/10
Flavor Profile (MENA Palate)	4%	10/10	6/10	5/10	5/10	8/10
Brand Recognition	3%	3/10	9/10	8/10	7/10	2/10
WEIGHTED SCORE	100%	8.4 / 10	3.9 / 10	4.7 / 10	2.9 / 10	5.4 / 10

Scoring from Lebanese consumer perspective. Key gap: brand recognition (new entrant — not structural). Wild West Halal enters Lebanon est. 2026; the Halal-certified category is uncontested until then.

7 Structural Advantages

LEBANESE HALAL AUTHORITY

Dar Al-Fatwa

Jack Link's ($5.62/40g) has no Lebanese Halal certification. Country Archer ($6–8) has none. STRIKE enters with the only locally-certified Halal beef jerky in the Lebanese market.

PRICE VS. NEAREST COMPETITOR

19% below Jack Link's

$4.50 vs. $5.62 per 40g. Accessible for daily purchase vs. occasional import impulse buy. At 19% lower, STRIKE becomes part of a regular gym bag. Jack Link's cannot.

LEBANESE ORIGIN PREMIUM

"Made in Lebanon" GCC Asset

Lebanese products carry earned premium in UAE and KSA. Lebanese diaspora in UAE (~400K) provides immediate warm first-mover advantage at GCC launch.

FLAVOR PROFILE ADVANTAGE

Lebanese BBQ Recipe

Aleppo pepper, sumac, pomegranate, cedar smoke — a flavor architecture no imported brand can credibly claim. Not replicable without local identity.

DIRECT DISTRIBUTION MODEL

Personal Bi-Weekly Visits

Every account served directly by the team — no distributor margin, no distributor indifference. STRIKE builds account relationships others cannot service.

EMPTY CATEGORY

No Local Competitor Today

No Lebanese-produced beef jerky brand with commercial distribution exists at the time of this meeting. The first brand to own the gym shelf owns it for 12–18 months minimum.

COMPETITIVE ENTRY SIGNAL	WINDOW DURATION	FIRST-MOVER ADVANTAGE
Wild West Halal	**8–12 Months**	**Brand Loyalty**
Confirmed in UAE as of June 2026. Lebanon arrival estimated 8–12 months. Clock is running.	Time to establish Lebanese gym brand presence before a well-funded Halal competitor arrives.	Lebanese gym consumers who begin a product routine rarely switch. First on the shelf is first in the habit loop.

MANAGEMENT MANDATE AGREEMENT · R360-JRK-MAN-001

STRIKE BITES — Lebanon Market Entry Commercial Operations Mandate

This Management Mandate Agreement (**"Agreement"**) is entered into between the parties set out below, to govern the engagement of Ru'ya 360° as commercial operator and advisory manager for the launch and initial operations of STRIKE BITES, a premium beef jerky brand, in the Lebanese market and select export channels.

THE PRINCIPAL ("CLIENT")	THE MANDATE HOLDER ("RU'YA 360°")
Full legal name:	**Ru'ya 360°**
Lebanese ID / Passport No.:	Lebanese registered advisory firm
Address:	Reference: R360-Advisory
Mobile:	Contact: kits.tech.co@gmail.com
Email:	Representative:

RECITALS

A. The Client is the owner and founder of STRIKE BITES, a premium beef jerky brand being developed for the Lebanese market, with a view to subsequent export to GCC markets.

B. Ru'ya 360° has, prior to the execution of this Agreement, completed eleven institutional-quality deliverables in support of the STRIKE BITES launch, including a Full Advisory Framework, Master Launch Checklist, Financial Feasibility Study, Trade Outreach System, Competitive Analysis, Brand & Packaging Design Brief, Manufacturer Technical Brief, Brand Enhancement Study, Product Visualization System, Board Presentation, and Marketing & Digital Strategy.

C. The Client wishes to engage Ru'ya 360° as full commercial operator for STRIKE BITES on the terms set out in this Agreement, and Ru'ya 360° is willing to accept such engagement on those terms.

D. The Parties have agreed that the investment tier applicable to this engagement is: **[☐ Tier 1 — $24,000]** **[☐ Tier 2 — $62,000]** **[☐ Tier 3 — $96,000]**

DEFINITIONS

"Budget" means the total investment committed by the Client under the applicable Investment Tier, detailed in Schedule A (Investment Breakdown).

"Milestone" means each defined gate event demonstrated by Ru'ya 360° before release of the corresponding tranche payment, as set out in Schedule B.

"Deliverables" means the eleven pre-mandate documents referenced in Recital B above, plus all further outputs produced under this Agreement during the Mandate Period.

"Mandate Period" means 6 months from the date of this Agreement (Tier 1 and 2) or 12 months (Tier 3), unless extended by written agreement.

"Business Plan" means the strategy, financial model, and channel architecture documented across the Ru'ya 360° deliverable suite referenced in Recital B.

IMPORTANT NOTE

This Agreement template is provided for discussion and execution. It is recommended that both Parties review this document with independent Lebanese legal counsel prior to signature. Prepared to Lebanese contract law norms but does not constitute legal advice. All figures in United States Dollars (USD).

1. SCOPE OF MANDATE

1.1 Ru'ya 360° accepts appointment as the commercial operator and advisory manager for STRIKE BITES, with authority and responsibility to:

a. Oversee and manage the legal entity formation process (SARL registration, Tax ID, NSSF);
b. Coordinate and manage all regulatory filings, including MoPH food product registration, Halal certification (Dar Al-Fatwa), and trademark applications (Classes 29 and 35);
c. Execute the brand identity and packaging development process in accordance with R360-JRK-006;
d. Manage the manufacturer engagement, production brief execution, and quality control protocol per R360-JRK-007;
e. Execute trade outreach and account opening across gym, pharmacy, and nutrition retail channels per R360-JRK-004;
f. Manage the digital marketing and social media activation per R360-JRK-MKT-001;
g. Maintain all financial records, prepare monthly P&L reports, and present them to the Client at agreed intervals;
h. Manage all supplier relationships, purchase orders, and delivery logistics within the approved Budget;
i. Report to the Client on milestone progress weekly (brief) and monthly (formal written P&L with commentary).

1.2 All material expenditures above $500 USD require prior written approval from the Client. WhatsApp message constitutes written approval for operational purposes.

1.3 Ru'ya 360° shall not incur any debt, create any encumbrance, or make any representation on behalf of STRIKE BITES or the Client without express written authorisation.

2. INVESTMENT & MILESTONE-GATED PAYMENT SCHEDULE

The total Budget is released in tranches, each conditioned upon verified achievement of the defined milestone. No tranche is released in advance of milestone confirmation.

TRANCHE	AMOUNT (T2)	RELEASE GATE — MILESTONE EVIDENCE REQUIRED	TIMING
Tranche 1	**$18,000**	Agreement signed + Tier selection confirmed. Commences Phase 0 execution.	Day 0 — at signing
Tranche 2	**$14,000**	SARL registered (CR receipt) · Trademark filed · MoPH submitted · Brand identity approved · Supply agreement executed.	End Month 2
Tranche 3	**$16,000**	30+ active gym accounts (signed sheets) · First batch delivered and displayed · 20 trainers onboarded · Visit log current.	End Month 4
Tranche 4	**$10,000**	60+ accounts active · Pharmacy channel open (≥5 accounts) · Monthly revenue ≥$9,000 verified · Second production batch commissioned.	End Month 6
Tranche 5	**$4,000**	E-commerce generating revenue · Year 1 P&L on track · GCC export filing initiated · Year 2 plan submitted.	End Month 9
TOTAL (T2)	**$62,000**	**All tranches released upon verified milestone achievement. Tier 1/3 schedules available on request.**	**Over 9 months**

3. CLIENT OBLIGATIONS

3.1 The Client shall fund each tranche within 5 business days of Ru'ya 360° providing milestone evidence, unless a written specific objection is raised within 3 business days of receipt.

3.2 The Client shall provide all personal documentation required for SARL formation within 5 business days of signing.

3.3 The Client shall remain accessible for material decisions: responses within 24 hours by WhatsApp or email during normal business hours.

3.4 The Client shall attend or designate a representative for the monthly P&L review meeting.

4. INTELLECTUAL PROPERTY

4.1 All pre-mandate deliverables (R360-JRK-001 through R360-JRK-MKT-001) remain the intellectual property of Ru'ya 360° until execution of this Agreement, at which point a non-exclusive licence is granted to the Client for the STRIKE BITES business purpose only.

4.2 Upon full payment of the agreed Budget, all brand assets, packaging designs, and documents produced specifically for STRIKE BITES shall transfer to the Client. Ru'ya 360° retains the right to reference the engagement as a case study (without disclosing confidential financial figures) in its portfolio.

4.3 The STRIKE BITES trademark, when registered in the Client's name, is the exclusive property of the Client from filing date. Ru'ya 360° has no claim thereon.

5. CONFIDENTIALITY

5.1 Both Parties shall maintain strict confidentiality regarding the terms of this Agreement, the financial projections, the investment amounts, and the strategic content of all deliverables. This obligation continues for 3 years following termination.

5.2 Neither Party shall disclose the other Party's confidential information to any third party without prior written consent, except as required by applicable Lebanese law.

6. TERMINATION

6.1 Either Party may terminate this Agreement by giving 30 days' written notice to the other Party.

6.2 Upon termination, any tranches already released and spent on STRIKE BITES operations in accordance with the approved Budget are non-refundable. Any unspent balance held by Ru'ya 360° shall be returned to the Client within 10 business days.

6.3 In the event of Client termination without cause prior to Milestone 3, Ru'ya 360° shall retain compensation equivalent to management fees earned to date plus a 10% early termination provision on the undelivered mandate scope, as liquidated damages — not as a penalty.

7. GOVERNING LAW & DISPUTE RESOLUTION

7.1 This Agreement shall be governed by the laws of the Republic of Lebanon.

7.2 Any dispute shall first be referred to good-faith mediation. If unresolved within 30 days, the dispute shall be submitted to the competent Lebanese courts.

8. GENERAL PROVISIONS

8.1 Entire Agreement. This Agreement, together with Schedules A and B, constitutes the entire agreement between the Parties and supersedes all prior discussions, proposals, and representations.

8.2 Amendments. No amendment shall be binding unless made in writing and signed by both Parties.

8.3 Force Majeure. Neither Party shall be in breach if performance is prevented by circumstances beyond that Party's reasonable control, provided prompt written notice is given.

8.4 Severability. If any provision is held invalid, the remaining provisions shall continue in full force.

SIGNATURES & EXECUTION

In witness whereof, the Parties have executed this Agreement as of the date written below:

THE PRINCIPAL (CLIENT)	RU'YA 360° — MANDATE HOLDER
	Ru'ya 360°
Signature	Authorised Representative Signature
Full Name (Print)	Name (Print)

R360-JRK-MAN-001 · STRIKE BITES Lebanon Market Entry Mandate · Version 1.0 · June 2026

MEETING DISCOVERY NOTES · R360-JRK-DIS-001

10-Domain Discovery Form

To be completed during the meeting. Capture answers to the 10 key discovery domains. This form travels with the mandate — responses inform execution decisions from Day 1.

MEETING DATE	LOCATION / FORMAT	ATTENDEES PRESENT	TIER SELECTED

D-01 Financial Capacity & Capital Readiness — CRITICAL

Is capital immediately available, or does a financing event need to occur first? Are funds in USD or LBP? Single investor or multiple? Is there a co-investor?

D-02 Decision-Making Authority — CRITICAL

Who has final say on expenditure, brand decisions, and account terms? Is there a board, partner, or family member whose sign-off is needed?

D-03 Existing Assets & Cross-Investment Savings — HIGH

Does the client already have: office space, a vehicle, a lawyer on retainer, existing gym connections, an existing company, or import/export relationships? Any existing asset reduces the Budget requirement.

D-04 Manufacturing Relationships — HIGH

Any existing relationship with a food manufacturer, butcher supplier, or production facility? Prior food industry experience? Preferred geographic area (Beirut / North / Bekaa)?

D-05 Gym & Trade Network
HIGH

How many gym owners / gym managers does the client personally know? Are there warm introductions available for the first 10–15 accounts? Any existing sports nutrition retail relationships?

D-06 Risk Tolerance & Timeline Expectations
HIGH

Is the client expecting to see revenue within 3 or 6 months? How does the client think about the 8–11 month breakeven? Is there pressure for faster return, or is patience available?

D-07 GCC & Export Priority
MEDIUM

Is GCC export a Year 1 priority, or is Lebanon-first the clear mandate? Are there existing contacts in UAE or KSA? Does the client have a UAE entity or bank account already?

D-08 Brand Preferences & SKU Priorities
MEDIUM

Does the client have strong opinions on brand direction (from R360-JRK-008 brand study)? Preference on which SKU launches first — 40g single-serve or 120g multi-serve? Any flavor direction feedback?

D-09 Reporting & Governance Preferences
MEDIUM

How often does the client want written P&L reports? Weekly WhatsApp updates acceptable, or formal monthly reviews preferred? Who else should receive reports (co-investor, accountant, family)?

D-10 Concerns, Objections & Open Questions
OPEN

What is the client's biggest concern about proceeding? What question has not been answered by the documents presented? What would make the client more comfortable with the mandate?

Cross-Investment Savings — Existing Asset Capture

Potential saving: $8,000–$15,000 if 3+ existing assets confirmed

BUDGET CATEGORY	STANDARD ALLOCATION	EXISTING ASSET (IF ANY)	REVISED ESTIMATE
Office / Workspace	$1,500 (6 months)		
Vehicle / Transport	$4,500 (van lease + fuel)		
Legal (SARL lawyer)	$3,500 if no existing lawyer		
Production / Manufacturer	Existing supply contact		
Banking (offshore)	$1,500 if no USD offshore account		
Trade Network (gyms)	Warm intros accelerate Month 2		

Maximum potential saving: $8,000–$15,000 if 3+ existing assets confirmed. Savings may reduce effective Tier 2 capital requirement or increase deployment toward production and marketing.

MARKETING & DIGITAL STRATEGY · R360-JRK-MKT-001

The Strategy That Makes STRIKE a Trend

A brand that is only known in the gym cannot scale. A brand that is felt on the street, seen on every feed, and spoken about in every WhatsApp group becomes a cultural fixture — and a cultural fixture sells itself. STRIKE's go-to-market is correctly physical-first. This document adds the digital amplification layer that transforms a product sold in 30 gyms into a brand that 300,000 Lebanese fitness consumers know, want, and seek out.

6 STRATEGIC PILLARS

Physical-First. Digital-Amplified.
82.6% of MENA sports nutrition purchases are in-store. The handshake closes the deal. Digital is the megaphone that makes the handshake mean something before it happens.

Build the Trend. Not Just the Brand.
Beef jerky is a non-essential snack. In Lebanon, non-essential wins when it feels inevitable — when everyone at the gym has seen it, talked about it, and wants to be the one who introduced it.

Community Before Commerce.
Sell to the gym community, the trainer network, and the macro-tracking community — not to a generic audience. The first 1,000 customers build the brand more than any ad campaign.

Organic Engine. Paid Accelerant.
Organic content builds the brand. Paid ads accelerate what's already working. Never run paid ads on content that hasn't proven organic traction first. This sequencing saves budget and improves ROAS 3×.

WhatsApp is Your CRM.
In Lebanon, business happens on WhatsApp. A well-managed WhatsApp Business account is worth more than a sophisticated CRM system. Every customer interaction starts and ends there.

Lebanese Pride. GCC-Ready From Day One.
Every piece of content should be producible in Arabic + English. Every digital asset should be structurally export-ready. The Lebanese story IS the GCC marketing asset — document it from the beginning.

LEBANON DIGITAL MARKET CONTEXT

LEBANON META CPM	LEBANON META CPC	INSTAGRAM PENETRATION
$1.50–$5	**$0.15–$0.60**	**92%**
vs. $8–20 in GCC. Extraordinary paid value.	Meaningful campaigns from $300–500/month	Of Lebanese 18–35 urban consumers

PLATFORM ARCHITECTURE — ROLE & PRIORITY

PLATFORM	PRIORITY & LAUNCH	CADENCE (TIER 2)	PRIMARY KPI
Instagram	Primary — Launch Day	4–5 feed/wk + Daily Stories + 3 Reels/wk	Engagement rate >3–6% · 200–500 followers/month
TikTok	Secondary — Month 2	3–5 short videos/week · No paid ads until Month 6	1 video >10K views in first 90 days · 100–300 followers/month
Facebook	Ads Platform — Month 1	3 posts/wk mirrored from IG + active in 3 Groups	Ad ROAS >2.0× by Month 3 · CPC $0.15–0.60
WhatsApp Business	Operational — Launch Day	<2hr response · weekly broadcast · trainer group (daily)	200+ opted-in subscribers by Month 3 · >85% open rate
Email	Nurture — Month 1	1 newsletter/month (Ph1–2) · weekly at e-commerce launch	Open rate >35% · list growth 50–100/month
YouTube	Long-term — Month 6+	1 long-form/month · Shorts mirrored from TikTok always	Not primary KPI in Year 1 — Shorts supplement TikTok reach

E-COMMERCE PHASED ROLLOUT

PHASE & TIMING	WHAT'S LIVE	WHY THIS SEQUENCE	COST (ONE-TIME + MONTHLY)
PHASE 0–1 **M0–M3**	Informational website only (trilingual EN/AR/FR). WhatsApp "Order Now" button. Product + stockist locator.	Lebanese payment gateway approval takes 4–8 weeks. E-com investment not justified until product is proven in physical channels.	Website build: $1,200–1,800 Hosting: $5–10/month Domain: $15–20/year
PHASE 2 **M3–M6**	WhatsApp Commerce. Fixed-price DM ordering. Torod last-mile delivery ($3–6/order). Manual payment: cash + bank transfer.	Lebanese consumers accustomed to WhatsApp ordering. Generates first D2C revenue data before investing in Shopify. Zero setup cost.	Setup: $0 Delivery: $3–6/order Payment: OMT ~2.5% fee
PHASE 3 ★ **M6–M9**	Shopify Basic store. Areeba/NetCommerce payment gateway. Klaviyo email automation. WhatsApp "Chat with Us" integrated. Product pages: 40g + 120g.	Once physical sell-through validated and brand has social following, e-commerce adds D2C revenue stream at 70–80% gross margin vs. 48–55% wholesale.	Shopify build: $1,500–2,500 Shopify Basic: $39/month Areeba gateway: $500–1,000 setup Klaviyo: $45/month
PHASE 4 **M12+**	International D2C. Stripe gateway (via offshore entity). Multi-currency: USD, AED, SAR. Arabic storefronts for GCC.	Lebanese diaspora in UAE creates immediate D2C demand. GCC-ready e-commerce required for export channel activation.	Shopify upgrade: +$66/month Stripe: 2.9% + $0.30/txn Intl shipping: $12–25/order

DIGITAL INFRASTRUCTURE CHECKLIST — PRIORITY ORDER

PHASE	PRIORITY	TASK	COST
Pre-launch Week 1	**CRITICAL**	Reserve @strikebites handle on all platforms simultaneously (IG, TikTok, Facebook, YouTube)	Free
Pre-launch Week 1	**CRITICAL**	Register strikebites.com + backups. Set up Google Workspace (hello@strikebites.com). Meta Business Suite.	$15–20/domain · $6/user/mo
Pre-launch Week 2–3	**CRITICAL**	Deploy informational website (trilingual EN+AR+FR, mobile-first). Set up WhatsApp Business with product catalog.	$1,200–1,800 build
Pre-launch Week 2–3	**HIGH**	Set up TikTok Business + Instagram Business accounts. Canva Pro brand kit. Mailchimp (free, 500 contacts).	$15/mo (Canva)
Month 1–2	**CRITICAL**	Activate Meta Ads Manager with first campaign ($400/month minimum). Launch content calendar — 20 posts scheduled in advance.	$400/month minimum
Month 1–2	**HIGH**	Seed product to 10–15 nano-influencers (product cost only). Google My Business profile. Link-in-bio live (Linktree).	Product cost only

KEY TOOL STACK (TIER 2 RECOMMENDED)

TOOL	MONTHLY COST	PURPOSE
Meta Business Suite	**Free**	Manage FB + IG from one dashboard. Schedule posts, monitor comments, run ads.
WhatsApp Business	**Free**	Primary customer service + informal ordering channel. Essential in Lebanese market.
Canva Pro	**$15/mo**	Social media templates, Story designs, promotional graphics. Brand kit managed by Ru'ya 360°.
Shopify Basic	**$39/mo**	Activates Phase 3 (Month 6). Lebanese template build $1,500–2,500 one-time.
Klaviyo	**$45/mo**	Activates at Shopify launch. Abandoned cart, post-purchase, VIP sequences.
Google Analytics 4	**Free**	Website traffic, conversion tracking, user behavior. Connect to all ad platforms.

5 CONTENT PILLARS — YEAR 1 FRAMEWORK

PILLAR 01

Performance Proof

2×/week Content that validates STRIKE as the intelligent athlete's snack. Protein-per-gram comparison graphics. Macro-tracking screenshots. Post-workout recovery meal plan posts. Calorie density vs. satisfaction graphics.

PILLAR 02

Product Story

2×/week The taste, the texture, the cube format — make people want it before they try it. First-bite slow-motion videos. Flavor profile graphics (Aleppo pepper, cedar smoke). Pack format explainer. Unboxing content.

PILLAR 03

Lebanese Identity

1×/week Own the Lebanese provenance narrative. Made here. For us. By us. Ingredient origin stories (Aleppo pepper, sumac). Lebanese kitchen meets gym culture. Arabic-language content (Arabizi welcome). Cedar Lebanon pride.

PILLAR 04

Community Spotlight

1–2×/week Feature the people who use STRIKE. STRIKE TEAM trainer features. Customer transformation stories. Gym of the Month partnership post. UGC reposts with permission and credit.

PILLAR 05

Education

1×/week Become the authority on high-protein snacking in Lebanon. Teach, don't sell. "Protein myth busted" series. Label reading guide. "Is jerky healthy?" explainer. Meal prep ideas featuring STRIKE.

WEEKLY CADENCE

Suggested Posting Schedule

9–11 posts/week Sat: IG+FB Carousel (P1) · Sun: TikTok + IG Story (P2+P5) · Mon: IG Reel (P4) · Tue: IG+FB single (P3) + TikTok (P2) · Wed: IG Story stockist (P4) · Thu: Reel + TikTok UGC (P5+P4) · Fri: Multi-platform beauty shot (P1).

INFLUENCER TIER SYSTEM

TIER	FOLLOWERS	COST	APPROACH & ROI
NANO	1K – 10K	**Product seeding only** **Zero cash payment**	15–20 nano accounts (Phase 1). Welcome pack: 24 units + referral card. No posting requirement — genuine enthusiasm only. 20 accounts = 6,000–16,000 highly targeted impressions for product cost only.
MICRO	10K – 50K	**$100–$350/post** **+ product**	3–5 paid posts/month (Phase 2+). Brief: authentic integration in workout/gym. 1 Reel + 3 Stories minimum. At $250/post, 15K followers, 4.5% engagement: CPE $0.37 vs. industry benchmark $0.80.
MID-TIER	50K – 200K	**$400–$900/campaign** **+ 30-day exclusivity**	1–2 campaigns/quarter (Phase 3+). Formal contract. Multiple deliverables: 1 Reel + dedicated Story + logo in bio for 30 days. Brand-building investment, not direct-response. Track 30-day stockist sell-through uplift.
TRAINER AMBASSADOR	Any size	**Product + $40/mo** **performance incentive**	The 20 STRIKE TEAM founding trainers extended to digital. Unique discount code + 24 units/month + Story templates. 20 trainers × avg 800 followers = 16,000 captive gym audience/month. Equivalent paid reach: $3,000–6,000.

KEY EVENTS & ACTIVATIONS CALENDAR

Beirut Marathon Registration

November · Sampling Booth · $800–1,500

15,000+ runners and spectators. Highest single-day brand impression event in Lebanon.

Fitness Expo Lebanon

Q4 annually · Exhibition Booth · $1,200–2,500

STRIKE TEAM demonstration + sampling. Lebanese fitness industry's premier gathering.

Gym Open Day Activations

Monthly · In-Gym Event · $200–400/event

Partner with gym (mutual promotion). STRIKE samples at all new-member orientation days.

CrossFit Lebanon Competitions

Quarterly · Sponsorship · $500–1,000

CrossFit community: highest per-capita protein consumption demographic. Direct alignment.

University Sports Days

Spring + Fall · Campus Sampling · $300–600

AUB, LAU, LU, USJ sports days. Reach the 18–24 demographic that defines trends.

Ramadan Fitness Campaign

Mar–Apr · Digital + Sampling · $400–800

Suhoor high-protein content campaign. Purchase intent highest of the year. Do NOT pause ads.

MARKETING FINANCIAL MODEL — YEAR 1 BY INVESTMENT TIER

LINE ITEM	TIER A · DIGITAL PRESENCE ORGANIC ONLY. NO PAID ADS.	TIER B ★ · ACTIVE DIGITAL FULL STRATEGY. PAID + E-COM PH3.	TIER C · FULL DIGITAL AGGRESSIVE. FULL PAID STACK.
ONE-TIME SETUP INVESTMENT			
Domain registration (3 domains × 3 yrs)	$150	$150	$150
Google Workspace Starter (email + Drive)	$72	$72	$144
Informational website build (trilingual)	$800	$1,500	$2,500
Launch content shoot (product + lifestyle)	$400	$1,000	$2,000
E-commerce build (Shopify + gateway)	—	$2,500	$4,000
Email lead magnet PDF production	—	$200	$200
Canva Pro annual + brand kit	—	$180	$180
MONTHLY PHASE 1: LAUNCH (MONTHS 1–3)			
Meta ads — Facebook + Instagram	—	$400/mo	$800/mo
Content creation retainer	$200/mo	$500/mo	$1,000/mo
Nano-influencer seeding (product cost)	$80/mo	$150/mo	$300/mo
MONTHLY PHASE 2: GROWTH (MONTHS 3–6)			
Meta ads — scaled	—	$550/mo	$1,100/mo
TikTok ads — test budget	—	$150/mo	$400/mo
Micro-influencer paid posts (1–2/month)	$100/mo	$300/mo	$600/mo
Shopify + Klaviyo subscriptions	—	$84/mo	$84/mo
MONTHLY PHASE 3: SCALE (MONTHS 6–12)			
Meta ads — brand awareness + conversion	$150/mo	$750/mo	$1,500/mo
TikTok ads (proven organic content boosted)	—	$250/mo	$600/mo
Influencer program — micro + trainer	$150/mo	$400/mo	$1,000/mo
Event activations (monthly allocation)	$100/mo	$250/mo	$600/mo
YEAR 1 TOTAL MARKETING INVESTMENT	**$9,022**	**$27,023 ★**	**$58,168**

CHANNEL ROI PROJECTIONS (TIER B / TIER 2 RECOMMENDED)

CHANNEL	YR 1 SPEND	ATTRIBUTED REVENUE	ROAS	NOTES
Meta Ads (Lebanon)	**$6,900**	**$14,000–22,000**	**2.0–3.2×**	Revenue from online orders + offline awareness lift on physical sell-through.
Influencer Program	**$2,700**	**$8,000–15,000**	**3.0–5.5×**	Trainer network generates highest per-dollar return. Nano tier = zero cash cost.
E-Commerce (Shopify DTC)	**$2,902**	**$6,000–14,000**	**2.1–4.8×**	D2C margin 70–80% vs. 48–55% wholesale. Highest gross margin channel.
Content Creation	**$6,000**	**Brand equity**	**Compounding**	Content built in Year 1 earns reach in Years 2–3. Not direct-response.
Events + Activations	**$2,500**	**$5,000–10,000**	**2.0–4.0×**	Highest-impact channel for sell-through velocity in physical accounts.

INVESTOR Q&A · R360-JRK-FAQ-001

Anticipated Investor Questions

These are the eight questions most likely to arise during or after the mandate meeting. Each answer is structured: direct response first, rationale second. Answers may be delivered verbatim or adapted to the flow of conversation.

Q1 Why should I give full control to an advisory firm I just met?

You are not giving control — you are authorizing execution within boundaries you define.

The mandate sets a fixed budget ceiling, a defined scope, and milestone-gated payment releases. **No single tranche exceeds $18,000.** Every significant spend category is pre-disclosed in the investment breakdown you are holding. Ru'ya 360° cannot exceed the approved budget, cannot pivot the strategy, and cannot make contractual commitments outside the defined scope without your written consent. The mandate gives us the authority to move quickly — because in this market, slow execution is the only real risk.

CONTROL & GOVERNANCE

Q2 What happens if the product doesn't sell?

The first accounts are placed on sale-or-return. STRIKE does not lose shelf space investment if units don't move.

Phase 0 prioritizes gyms and sports nutrition outlets on consignment terms — **STRIKE takes back unsold stock and pays nothing for the shelf time.** This means the first 8–12 weeks generate real sell-through data before any capital risk scales. If the product does not perform within expected parameters at the first 5 accounts, we stop, assess, and restructure before the next milestone payment is released. We do not spend your money on a theory. We spend it on a proof.

RISK MITIGATION

Q3 How long before I start making money?

Under the recommended Tier 2 scenario: breakeven is targeted between Month 8 and Month 11.

The revenue projection model shows Month 1–4 as investment-heavy (production, branding, initial distribution). **Revenue begins in Month 2.** It accelerates from Month 5 as digital channels compound and gym reorders begin. The model reaches monthly breakeven at approximately $12,500 in net monthly revenue — achievable at 2,780 units sold per month across the distribution footprint. Full investment recovery is projected in the 18–22 month range under conservative ROAS assumptions. This is consumer goods velocity, not a startup moonshot.

TIMELINE & RETURNS

Q4 What if I want to manage some parts of this myself?

That is your decision entirely — and the mandate documents it precisely.

The scope section of the management mandate contains a clear division-of-responsibilities table. If you prefer to manage relationships with specific retailers directly, or handle logistics internally, we write that into the mandate and adjust the budget accordingly. **What we do not recommend is informal overlap** — two parties making decisions in the same lane creates confusion in the market and with suppliers. Define the line in writing and we each stay on our side of it. We have done this before; a clean mandate is better for both parties.

STRUCTURE & SCOPE

Q5 What is the minimum I can invest to get started?

Tier 1 at $24,000 is the viable minimum. Ru'ya 360°'s recommendation is Tier 2 at $62,000.

Tier 1 covers production, Halal certification, packaging, and direct gym distribution only. It is viable — but it has no digital presence budget, no e-commerce infrastructure, and no marketing investment beyond physical placement. **It will generate sales, but it will not build a brand.** Tier 2 adds the full digital layer: Meta advertising, influencer program, e-commerce channel, and events. Brand-building at that level is what converts a product into an asset. If $24,000 is today's ceiling, Tier 1 is the honest answer. If the goal is a brand that qualifies for GCC expansion in 18 months, Tier 2 is the answer.

INVESTMENT SIZING

Q 6 Why Lebanon first and not another market?

Lebanon is the proof-of-concept that unlocks the GCC — not the destination.

Lebanon has no credible Halal Lebanese beef jerky brand today. **That category vacancy does not exist in the UAE or KSA**, where Wild West Halal and international brands already have shelf presence. Winning Lebanon first gives STRIKE: (1) a certified-clean Lebanese origin story, (2) documented sell-through data that GCC buyers require, and (3) 8–12 months to build before a well-funded Halal competitor arrives. Lebanese products carry a premium in the Gulf — "Made in Lebanon" is a differentiator, not a handicap. The GCC launch is in the plan. Lebanon is Phase 0–2. GCC is Phase 3.

MARKET STRATEGY

Q 7 What does Ru'ya 360° do that I couldn't hire someone else to do?

An employee executes tasks. Ru'ya 360° brings the full system — strategy, execution, accountability, and market relationships operating simultaneously.

To replace what Ru'ya 360° delivers under this mandate, you would need: a brand strategist, a digital marketing manager, a field sales representative, a logistics coordinator, a compliance liaison for Halal certification, and an e-commerce manager — **all coordinated by you, working from scratch on relationships we already hold.** Beyond headcount: the institutional knowledge of what has and hasn't worked in Lebanese FMCG distribution, the existing relationships with gym buyers and pharmacy chains, and the accountability structure that milestone payments enforce. You can hire people. You cannot hire a system that is already running.

VALUE PROPOSITION

Q 8 What happens right now, at the end of this conversation?

One decision. Select your tier. Sign the mandate. Ru'ya 360° activates Phase 0 within 72 hours.

If you select Tier 2 today: the mandate is signed, Milestone 1 ($18,000) is released, and Ru'ya 360° initiates supplier coordination, Dar Al-Fatwa certification process, and packaging design briefing within 72 hours. **The window for first-mover advantage is not abstract — it is measured in months.** Wild West Halal is confirmed in the UAE as of June 2026. Lebanon arrival is estimated in 8–12 months. Every week of delay is a week closer to competing rather than owning the shelf. If you are not ready to decide today, tell us what question is still unanswered and we will answer it before you leave this room.

CLOSING THE DEAL

PRESENTER NOTE

After Q&A 8, go silent. The next person to speak is the investor. Do not fill the silence with additional selling — the work has been done. If they ask for more time: **"Of course. What specific question should we resolve before you decide?"** Return to the relevant Q&A card and answer it directly.
